Happy Birthday baby
It surely will be good
Happy Birthday baby
It surely will be good
You can have your cake & eat it too
If you promise to be good

So it's your birthday
And you're nobody's fool
So love me tender
And baby don't be cruel

Happy Birthday Sugar
It surely will be fine
Happy Birthday Sugar
It surely will be fine
So blow out the candles
And let's have a good time

So it's your birthday
And I've got something to share
You got me all shook up
"cause I'm your teddy bear (cause you're my teddy bear)

So it's your birthday
You're the one I'm thinking of
I'll be your hound dog and and
Your hunk of burnin' love!

Happy Birthday Sugar
It surely will be fine
Happy Birthday Sugar
It surely will be fine
So blow out the candles
And let's have a good time
