Another day
Another night
You try and live
A different life
You have two kids
A boy and girl
They miss your face
They miss your world

And you're looking
But you won't find it
Where you're looking
You won't find it

You had it all
But you were never satisfied
You can chase it
But you'll be running all your life
And it's all a game of give and take if you're just here
for the ride
You're filling your heart
But the hole will bleed it dry

You're fighting for
All the wrong things
Yet, you ignore
Eternity
You've been given more
Than your hand could bring
Your thankless heart
Is your offering

And you're looking
But you won't find it
Where you're looking
You won't find it

You had it all
But you were never satisfied
You can chase it
But you'll be running all your life

And it's all a game of give and take if you're just here
for the ride
You're filling your heart
But the hole will bleed it dry

They've been waiting for you
Waiting for you
To come around
You're nowhere to be found
When you've checked out

You had it all
But you were never satisfied
You can chase it
But you'll be running all your life
You had it all
But you were never satisfied
You can chase it
But you'll be running all your life
And it's all a game of give and take if you're just here
for the ride
You're filling your heart
But the hole will bleed it dry
