There's a call
That echoes in my heart
And I know
That it's been there from the start
And my faith grows
Everytime it branches
I know each day's a brand new chance

To believe in the promise He made
My light will not fade
'Cause I'm gonna keep it burning
My hope is forever unshaken
I know that I'll make it home
Hold on
Hold on

When it's right
Feels like sunlight on my face
Still at times
All my doubt can keep the light away
But the dawn
Brings a brand new sky
And I know
It always reminds me why

I believe in the promise He made
My light will not fade
'Cause I'm gonna keep it burning
My hope is forever unshaken
I know that I'll make it home
Hold on

There's never a place
Where He can't reach us
Everything that He's given is to teach us

I believe in the promise He made
My light will not fade
'Cause I'm gonna keep it burning
My hope is forever unshaken
I know that I'll make it home

Hold on
To the promise He made
My light will not fade
'Cause I'm gonna keep it burning
My hope is forever unshaken
I know that I'll make it home
I'm gonna make it home
Hold on
Hold on
Hold on
