Everybody wanna fall in love
Girl, I wanna love... is you...
Oh, girl I wanna get off the wall
Girl, I wanna rock around with you oh, oh

Chorus:

Cause I like the way you move
Girl I stand on my toes for you
Cause tonight you feel it too
Girl, I really wanna love like that,
Can you pretend that you're my girl?
Pretend that tonight, girl
Pretend that I'm your boyfriend
If you were my girl, cause girl,
Girl, let's make...
I know who you are
Don't pal with my heart, girl!

Baby girl, you're my favorite song,

And I'm gonna dance with you, all night long!
Yeah, oh, oh!
Baby, love is what we all came for
Girl, I wanna be with you and so much more!
Yeah, oh

Chorus: (x2)

Cause I like the way you move
Girl I stand on my toes for you
Cause tonight you feel it too
Girl, I really wanna love like that,
Can you pretend that you're my girl?
Pretend that tonight, girl
Pretend that I'm your boyfriend
If you were my girl, cause girl,
Girl, let's make...
I know who you are
Don't pal with my heart, girl!
