In a flash, he caught her eye

He was everything she was lookin' 4
He had big cash and a Brando smile
He was pretty easy 2 adore
She tried her luck, huh, I mean she played the man
She sho'nuff thought she could turn him on
But she got (stuck) stuck when he kissed her hand
And told her that he wanted 2 take her home

Pride and the passion
Laugh all night, cry all day
If true love is old-fashioned
Should we pass or should we play?

In a flash, her life had changed (Life had changed)
Everything she feared was put on trial (Everything was
put on trial)
Priorities rearranged (Rearranged)
She said she had 2 have him 4 a little while
And if he's good, he can teach her things (He can teach
her things)
Things about herself that she never knew
And if he's the one, the shining armor knight
Think of all the dirty things they could do

CHORUS:
Pride and the passion
Laugh all night, cry all day
Cuz if true love is old-fashioned
Should we pass or should we play?
What's it gonna be?
The pride or the passion, passion, passion?

In a flash, she took a chance
She let him take her 2 his crib
Music played, they started 2 dance
She said she really dug his ad-lib
What went down I don't wanna say (I don't wanna say)
Destiny is yours, don't let it fool ya
And if U're wrong, expect a massive drag

If U're right, more power 2 ya

CHORUS {x2}

Pride, pride and the passion

Pride and the passion, ooh

The pride and the passion

Oh, pride and the passion
