oh, oh, oh, oh...

I can feel it truly in my heart
Catchin' my heart you're my destiny
Nothing gonna stop my love for you
So reaching your hand, hold on to me

Shakin' my heart, you're my dreamy boy
You're the heat, my fireworks
Baby kiss me softly I need you
Oh step in step in babe

Wanna know how we met each other?
How did we get the feelings we have?
Boy, I fall in love with you
Remember the moment

Born to love you
Want to take you into paradise
Just fighting for love, never stop my body
Take your hand then steal your heart and you'll be in
my arms
Keep your smile and I never let go
You are my dream

Tell me tell me what I mean to you
Let me keep you warm and dry
Do you do you miss me day and night
Ain't nothing gonna harm you

Makin' makin' our love happy end
Don't be shy, don't be so down
Baby let me show you how I feel
Oh step in step in babe

Trust me, always be on your side
Calling you boyfriend makes you realize
Just, I fall in love with you
You and me, forever

Born to love you
Want to take you Into paradise

Just finding my way, holding tight your body
Try me right now
What I can give more than enough
All my love is there waiting for you
You are my dream

Why do you cry? Just look in my heart
Come with me let's make a new start
Boy, I fall in love with you
Fighting here for you

Born to love you
Want to take you into paradise
Love stories go on, never stop my body
Don't give it up
Every moment, everything is you
Please, give me the will to go on
You are my dream

Born to love you
Want to take you Into paradise
Just fighting for love, never stop my body
Take your hand then steal your heart and you'll be in
my arms
Keep your smile and I never let go
You are my dream
oh, oh, oh, oh...
