Hannah is the one you cherish
Hannah is the one you love
And Hannah is the one you dream of
And Hannah is the one you chase
Hannah is the one you waste
All your time thinking of

What about me?

Cause you look at me with big brown eyes
Smile at me like I'm your sunrise
Remember things at the perfect times
See through me make sure I'm fine
Say sweet dreams almost every night
Call my name and it feels right
Laugh and say that you missed mine
Pull me close and hold me tight

And Hannah is the one you cherish
Hannah is the one you love
And Hannah is the one you dream of
And Hannah is the one you chase
And Hannah is the one you waste
All your time thinking of

But what about me? Yeah

Cause you look at me with big brown eyes
Smile at me like I'm your sunrise
Remember things at the perfect times
See through me make sure I'm fine
Say sweet dreams almost every night
Call my name and it feels right
Laugh and say that you missed mine
Pull me close and hold me tight

And I want to be the one you cherish
Wanna be the one you love
I want to be the one you dream of
And I wanna be the one you chase
Wanna be the one you waste

All your time thinking of, yeah

Cause I want to be the one you cherish
Wanna be the one you love
I want to be the one you dream of, yeah

Cause you look at me with big brown eyes
Smile at me like I'm your sunrise
Remember things at the perfect times
See through me make sure I'm fine
Say sweet dreams almost every night
Call my name and it feels right
Laugh and say that you missed mine
Pull me close and hold me tight

You hold me tight, yeah

Cause you look at me with those big brown eyes
Smile at me like I'm your sunrise
You're my own sunrise
