[Chorus:]

Whence forth she came we breathed the same life  
combined in shallow  
Halls remain and this lights the way through my  
darkest day the sharpest gray  
Peels away the layers that I've made  
All I've become is life in it's purest form and through all  
the frequencies  
Slain in alleyways remain I walk down halls stricken with  
her voice I came come  
On experience the beauty that remains

[Chorus]

And from her fingertips energy do slide come on  
experience the vertigo inside I  
Walk down halls stricken with her voice I came come on  
experience the beauty  
That remains

[Chorus]

Your heart it bleeds for this moment this is so unreal  
the devastation  
I feel lost between colors same shade no resemblance

[Chorus]
