Tried to trick myself into thinking  
That I'm not awake  
That it's only a dream  
Put that cigarette out  
Don't ask me no questions  
Salome dancing on my wall  
And the shadows on the floor  
Look so warm from here  
I've seen it all before  
Just one little lie  
But the difference is this  
It meant the world to me  
Don't ask me no questions  
"Take the wheel" she said "as I wander"  
We could leave this town  
I've got all I need: spirit, hope and joy  
But no one knows me  
I think I lost my pills  
Guess I'll take my chances  
I'm looking at the telephone  
But nothing happens

I am well aware

That the morning is near

Put the radio down

Don't ask me no questions
