Out of heartache

Along with fear

There goes the fear again

There goes the fear

And cars speed fast

Out of here

And life goes past

Again so near

There goes the fear again

There goes the fear

Close your brown eyes

And lay down next to me

Close your eyes, lay down

'Cos there goes the fear

Let it go

You turn around and life's passed you by

You look to ones you love to ask them why

You look to those you love to justify

You turned around and life's passed you by

Passed you by again

And late last night

Makes up her mind

Another fight

left behind

There goes the fear again

Let it go

There goes the fear

Close your brown eyes

And lay down next to me

Close your eyes, lay down

'Cos there goes the fear

Let it go

You turn around and life's passed you by

You look to ones you love to ask them why

you look to those you love to justify, why

you turned around and life's passed you by

Think of me when you're coming down

But don't look back when leaving town

Oh think of me when he's calling out

But don't look back when leaving town

Think of me when you close your eyes

But don't look back when you break all ties

Think of me when you're coming down

But don't look back when leaving town today

There goes the fear again

Let it go

There goes the fear

Let it go

Think of me when you close your eyes

But don't look back when you break all ties

Think of me when you're coming down

But don't look back when leaving town today
