I mean it's like I come here so much attention when I
walk in the room
They just looking, sometimes I have to ask myself
What do they looking at?

[Hook] x 2

I don't think they ready for me, fresh you think they
ready for you?
I don't think they ready for me, fresh you think they
ready for you?
I don't think they ready for me, fresh you think they
ready for you?
But go and get em, go and get em, go and get em

Born april 22 when I was 22, I stepped that 22
West line of my 32
My ties weren't bout shit, so my hustle was my open
gate
I dealt with pain when I was young still I kept my faith
My nephew born so naturally, supposed to follow me
My reign on top, it's coming soon, it's in my prophecies
Will I survive, will I be jailed, or be the next to blow
Until you walk inside my shoes, how could you ever
know?
Bout where I'm going, how I'm doing it, where I'm tryina
be
I see your hate and jealous ways bring negativity
Because I own the jewels, thy God don't make me
better main
On every night I pray to god just for a better hand
I'm just a leader, so it's Malcolm running through my
veins
And it runs deep and plus it flows just like the punching
train
So you will never have to understand me
As long as you know your... fall behind me, fresh!

[Hook] x 2

I don't think they ready for me, fresh you think they
ready for you?
I don't think they ready for me, fresh you think they

ready for you?
I don't think they ready for me, fresh you think they
ready for you?
But go and get em, go and get em, go and get em.
