Anyone

I won't cry
Anyone would rather
Shift their eyes
Than open up their leather
But you, you seem to be the one

So try me please
I'm a better dancer
Than it seems
The lightest floating feather
Is how I feel when I'm with you

So now that I know you
I'm ready to show you
How good I feel
'Cause anyone can see through me
But you're not anyone

Blaring car horns howl
Through feedback from this city
But I don't hear it now,
The chaos that surrounds me
No, you, you hold my mind's desire

You give me shelter
From all that's done un-pretty
My sold-out, felt-up
Retreated little secrets
Are tucked inside the warmth of you

So now that I know you
I'm ready to show you
How good I feel
'Cause anyone can see through me
But you're not anyone

It's been a long time a long time
I've walked alone, I've warmed to it
But now I slip right in

I'm ready to start to be ready

So hold me now
You who came in pieces
'Cause I like whole pies
Underdone a little
But I feel how you burn inside

So now that I know you
I'm so ready to show you
How good I feel
'Cause anyone can see through me
But you're not anyone

Anyone can see through me
But you're not anyone

Anyone can see through me
But you're not anyone
