N? the days just glide in  
The eyes rest in the sky  
I hear lies

The tones just come here  
Try to make it my home  
I need to praise  
Them dreams that I erase

Oh father don?t wake me up  
Don?t try to wake me up  
Don?t wake me up

And you people just live on rails  
I can?t fix my time or space  
I can?t take place

Oh father just wake me up  
Just wake me up

Oh father don?t wake me up  
Don?t try to wake me up  
Don?t wake me up
