You say, I get around but I'm gonna hit the ground  
I don't hear a word you're sayin'  
Going out of my head and the world's turnin' red  
Don't think I'll be stayin'

You got your fancy pants now wear 'em to the dance  
All I got is what I'm playin' but the trouble with you  
Is there ain't just a few  
Don't take the ride unless you're payin'

Like a hot burnin' fire  
Blazin' out of control  
I couldn't get much higher, I'm

Freewheelin'  
Nothin' gets in my way  
When I'm freewheelin'  
I'm free, yeah

Take a look around 'cause it's all fallin' down  
Fallin' from the dream that we created  
I'm lookin' up at the sky and I'm wonderin' why  
Why it's all deflated

You got a million and one ways to have fun  
Everything I've done is over-rated  
So take a step back 'cause I don't need the flack  
I can see your promises a fadin'

Like a hot burnin' fire  
Blazin' out of control  
I couldn't get much higher, I'm

Freewheelin'  
Nothin' gets in my way  
When I'm freewheelin'  
I'm free, yeah

Like a hot burnin' fire  
Blazin' out of control  
I couldn't get much higher, I'm

Freewheelin'  
Nothin' gets in my way  
When I'm freewheelin'  
I'm free, yeah

Freewheelin'  
Nothing gets in my way  
Freewheelin'  
I'm free, yeah

Freewheelin'  
When I'm freewheelin'  
I'm free, yeah
