I look into the mirror  
Can almost count the years  
The memories are clearer  
Of all those things I feared  
I watch the time pass slowly  
It comes and goes like the waves  
The sea can touch the sky at night  
It's got the freedom I crave

#### CHORUS

I'm going through changes  
In my life  
I'm going through chaanges  
It'll be alright  
Look into a picture  
A thousand years are told  
Now is it any wonder  
What our tomorrows hold  
Our yesterdays are over  
You know they go so fast  
If I could rule the winds of change  
You know I'd make it all last

#### CHORUS

Alright  
I walked alone  
Through the blackest night  
I felt the cold  
I felt the bite  
I took the high road  
But it ain't right  
It's just the low road  
In disguise  
I'm going through changes  
Ah yes  
Everything's gonna be alright  
Got to the top of an  
Uphill climb  
Only to look  
Down the other side  
Just when you think  
It's on your side  
This world will show you

Ain't no reason to the rhyme  
I'm going through changes  
Ah yea  
Everything's gonna be alright  
times keep a changing every day  
Watch out now cause it's heading  
You way  
Ah yea  
Seems like the world turned upside down  
Seems like everything's falling down  
But it's all getting better every day  
Watch out now cause a good  
Time's heading our way  
Ah, every day
