"Trust Me"

Visit "[Trust Me](#)" on MotoLyrics.com

If you trust me I will take the pain away
If you trust me i turn midnights into day
If you trust me i will show how much i care
all your burdens i will bare
all that I ask if you that you trust me

If you trust me and have faith to just believe
every promise I make, you will receive
If you trust me you will see what I can do
how much that I love you

all that I ask is that you trust me

choir

I love you so much i died on the cross at
Calvary unto kingdom and glory I have given
you the key. you now have access to the place
where the streets are painted gold riches
unfold
all that i ask is that you trust me
(repeat 3 times)
