"We Can Share"

From a higher sky
Sometimes like a sweet moving cloud
Sometimes like a dearest sister
Sometimes like a free bird

From a deeper sea
Sometimes like a deeper ripple
Sometimes like a fish swimming delightfully around
the sea

Someone watching me
Someone watching you
When you are abandoned and alone too
Undoubtedly they are watching us all the time
Never forsake

We are born alone
We will die alone
We know we are alone
Still we all share this world, we can share
That is all and true

*We share the song
We share the love
When you are abandoned and alone too
Undoubtedly we are sharing all, all the time
We never leave

We can rise, rise again
Over and over again
Even if you are badly hurt and break down

We can rise, rise again
Over and over again
We rise again

*repeat

We share the song
We share the love forever...

...I never leave...
