REVERA and VALERIA: life is all about touching you  
Life is all about loving you  
Life is all about feeling you

REVERA: it's our honey moon  
Let's get rolling on  
To our lovely clove  
And start making love  
Let's always be two  
Lest I start missing you

VALERIA: so far as you know  
I never say no  
For I'm loving you...

REVERA and VALERIA: life is all about touching you  
Life is all about loving you  
Life is all about feeling you

REVERA: Let's hire a clown  
And buy a crown  
For this love to rain  
With heavenly grain  
And bless our kingdom;  
Our kingdom of freedom

VALERIA: so far as you know  
I never say no  
For I'm loving you...

REVERA and VALERIA: life is all about touching you  
Life is all about loving you  
Life is all about feeling you

REVERA: I feel like making love  
With a s\*\*y wolf  
For you're seduction  
Not to say temptation  
You take my heart a-fleet  
When we roll in the sheets

Valeria: so far as you know  
I never say no  
For I'm loving you...

REVERA and VALERIA: life is all about touching you  
Life is all about loving you  
Life is all about feeling you

REVERA: if you say good bye  
I'll weep and die  
If you say welcome a day  
I'll come and stay  
You're such a lovely queen  
Let me be your king in this lovely den.

VALERIA: so far as you know  
I never say no  
For I'm loving you...

REVERA and VALERIA: life is all about touching you  
Life is all about loving you  
Life is all about feeling you
