"Cover Girl"

Met a girl at a party in the rec-room
I remember she said I had something on my face
Her eyes, my eyes telling lies
Both of us wishing there was something more than this
Fell in love with the girl at the rec-room
And she sang

If life gets crazy
Shake it baby

Now my heart drops down like a drawbridge
I can see this cover story setting like a sun
Her eyes, my eyes three two one
My hearts like a target and now she holds the gun
Fell in love with the girl at the rec-room
And she sang

If life gets crazy
Shake it baby

A love song like this I've heard before
I swear I heard it on the radio
That cover girl won't steal my heart no
I swear I heard this on the radio
