Oh the changing of the seasons it's a pretty thing to see  
And though I find this balmy weather pleasin'  
There's the wind come from tomorrow and I hear it callin' me  
And I'm bound for the changing of the seasons  
Oh it's blowin' in Chicago and it's snowin' up in Maine  
And the Islands to the south are warm and sunny  
And I've got to feel the earth shake and I gotta feel the rain  
And I've got to know a taste of more than honey

So don't ask me where I'm goin' or how long I'm gonna be away  
Don't make me give you all the hollow reasons  
I'll think of you like summer and I might be back some day  
When my heart miss the changing of the seasons  
Oh it's blowin' in Chicago...  
[ guitar ]  
Oh it's nothing that you said and it ain't nothing that you done  
And I wish I could explain you why I'm leavin'  
But there's some men need the winter and there's some men need the sun  
And there's some men need the changing of the seasons  
Yeah it's blowin' in Chicago...
