Danny and I  
Spent another late night over pancakes  
we talked about soccer  
And how every man's just the same  
We made speculation  
On the who's and the when's of our futures  
And how everyone's lonely  
But still we just couldn't complain

And how we just hate being alone  
Could I have missed my only chance  
And now I'm just wasting my time  
By lookin' around

But you know I know better  
I'm not gonna worry about nothing  
Cause if the birds and the flowers survive  
Then I'll make it okay.  
and given a chance and a rock  
see which one breaks a window  
and see which one keeps me up all night and into the  
day.

Because I'm so scared of being alone  
That I forget what house I live in  
and that it's not my job to wait by the phone  
For her to call

this day's been crazy  
But everything's happened on schedule  
from the rain and the cold  
To the drink that I spilled on my shirt  
'Cause You knew how You'd save me  
before I fell dead in the garden  
And You knew this day  
long before You made me outta dirt.

And You know the plans that You have for me  
And You can't plan the ends and not plan the means  
And so I suppose I just need some peace,  
Just to get me to sleep.
