You're softer than a cannon blast  
But your effects much longer last  
And i want you just like a hole in my head  
But i need you like a meal and a bed

And you say, come on  
I'm not what you're after  
But i know, you're not just anyone, anyone

'Cause i'm not what you want  
No, I'm not anyone  
But if you needed me  
The i could be someone

You're an army in a horse  
And you have taken me by force  
All the freedom in this world could not resist  
The sweet temptation of your sweet elusiveness

So i say, come on  
As the gate swings open  
'Cause i know you're not just anyone, anyone

But the lie's always cheaper than the truth  
And the lie's all I've never known of you  
So maybe none of this is true
