Just he uses love for sex
And sure she uses sex for love
And they're both hoping for the best
I also have that dream you're thinking of

If we place a blindfold on our eyes
Iron and gold appear the same
It's intense, hope that makes us try
So, we go on and play the game

And once again we get attached
We think we've found the answer
Here, here, here we go again

Ran into many walls
But I know I'll get that answer
Here, here, here we go again

We loved not wisely
We loved not wisely but too well

We're hoping she will be the one
But we never learn from our mistakes
And based on beauty, love soon dies
Then we make our move to separate

Yes, iron and gold appear the same
But one is costly to obtain
And I'll be the only one to blame
But if I resist I know I'll gain

And once again we get attached
We think we've found the answer
Here, here, here we go again

Ran into many walls
But I know I'll get that answer
Here, here, here we go again

We loved not wisely but too well
We loved not wisely, not wisely but too well

Yes, iron and gold appear the same
But one is costly to obtain
And I'll be the only one to blame
If I go on and play the game

And once again we get attached
We think we've found the answer
Here, here, here we go again

Ran into many walls
But I know I'll get that answer
Here, here, here we go again

Yes, here we go again
Yes, here we go again
Just when thought I went in
I could laugh for four, compel

We loved not wisely
We loved not wisely but too well
