"In Praise Of Others"

Well, it's hard to glorify others due to my
Intense pride
Even amongst friends you'll find I sit and criticize
That's what I do best, it's how I forget my actual size
A leash that ties me to this world
Yeah, a wicked mind brought me to this world, Lord,
please help me move forward
I've been guilty so long, I know that I'm wrong, please
help me sing this song in praise of others
In praise of others
In praise of others
In praise
Can I glorify others, my sisters or my brothers or
anyone else?
Each fault that I find in you I find tenfold in myself
Envy, a disease, it's inside of me
But I'm the loser in the end
Yeah, a wicked mind brought me to this world, Lord,
please help me move forward
I've been guilty so long, I know that I'm wrong, please
help me sing this song in praise of others
In praise of others
In praise of others
In praise
Hey
I should have blamed myself
Instead of everyone else
But God forbid they find fault with me, we're instant
enemies
How dare I see myself honestly as others may see
A proud fool, I turn away, won't hear what they say, it
might benefit me
But I remain tied in this net of pride but I wanna be free
Yeah, a wicked mind brought me to this world, Lord,
please help me move forward
I've been guilty so long, I know that I'm wrong, please
help me sing this song in praise of others
In praise of others
In praise of others
In praise
Praise of others
