"When 20 Summers Pass"

I've got to concentrate on priorities.
Can't I negate what means the most to me.
What's our fate?
What's our destiny?
Start with each moment's activity.
I try, I try, I try, I try
But what's important slips right by.
When 20 summers pass and they'll go
fast.
Will I look back and be satisfied within my heart
And at peace within my mind?
When 20 summers fly, fly on by
Will I like what I am and who I am or will I even give a
damn?
We focus time on what matters least and our reward, a
catastrophe.
Looking back, what feels good to me?
Oh, the value of integrity.
