I wanna be back I wanna be back  
I wanna go back, I wanna go back  
And I don't know where I'm heading

Let's go outside  
I wanna play  
Let's take advantage of the sunny day  
Remember when we were children  
I used to be wiser back then, back then

I wanna be back, I wanna be back  
You never sake and say  
I wanna be back, I wanna be back  
'Cause the days are happy endings  
I wanna be back, I wanna be back  
Through an endless imagination  
I wanna go back, I wanna go back  
And now know where I'm headin

Let's go swing on  
The swing said  
Sometimes it feels like it's better than...  
Remember when we were children  
Before we got locked up in this prison, prison  
This prison

I wanna be back, I wanna be back  
I wanna be back, I wanna be back  
And not know where I'm headin  
I wanna be back, I wanna be back  
You never sake and get sake  
I wanna be back, I wanna be back  
'Cause the days are happy endings  
I wanna be back, I wanna be back  
Through an endless imagination  
I wanna go back, I wanna go back  
And now know where I'm headin
