Sami you are flying on the wings of an eagle now  
Sami you become best friends with my eagle now  
Johnny I am flying on the wings of your eagle now  
Johnny I am best friends with your eagle now  
What I am gonna do I am best friends with my eagle  
and you  
Sami how does it going being friends with my eagle  
now  
Has he giving you disapproving eagle skies  
He is known to do that with his friends  
Johnny I fuck love being friends with your eagles now  
Johnny he doesn't giving me disapproving eagle... that  
is good  
What am I gonna do what am I gonna do  
What am I gonna do I am best friends with my eagle  
and you  
This friendship between me you and this glorious eagle  
His wings span span an entire stop sign  
This friendship will blow your mind  
Is the baby eagle be careful on his back  
Good night
