You want me when you want me
But I can have when I need you
Say you love me but sometimes I don't believe you
You talk about forever but I wanna talk today
You say you get my feelings but you don't understand
my way

chorus
Let's talk it over
Let's make things right
Let us remember the better nights
Fall off this over
Let's set things right
Let's not remember the bitter fights
You tell me .. you tell me you think I am smart
When I need you the most is when you seem so far
I can't trust you not to cheat
But I can trust you to be there for me
Sometimes you try so hard but in the end you don't
succeed

Chorus
Let's talk it over
Let's make things right
Let us remember the better nights
Fall off this over
Let's set things right
Let's not remember the bitter fights
Let's talk it over
Let's make things right
Let us remember the better nights
Fall off this over
Let's set things right
Let's not remember the bitter fights
