Come and get me, if you want me
It's the secret nobody has to know
I've been waiting, feeling impatient
Without forever now, so kiss me nice and slow
You've been making eyes at me for days
It's time for you to step up to the play
Show me what you got, I want to see
What you body looks like when it's holding me

Don't say you're not looking
For anything special
Cause you'll get turned upside down
And if you even try to run, pull a fast one on me
I'll spread rumors all over town

Now you got me, where you want me
No longer secret, everybody's in the know
I've been waiting, feeling impatient
Without forever now, so kiss me nice and slow
You've been making eyes at me for days
It's time for you to step up to the play
Show me what you got, I'm ready to see
What you body looks like when it's holding me

Don't say you're not looking
For anything special
Cause you'll get turned upside down
And if you even try to run, pull a fast one on me
I'll spread rumors all over town

Don't say you're not looking
For anything special
Cause you'll get turned upside down

Don't say you're not looking
For anything special
Cause you'll get turned upside down
And if you even try to run, pull a fast one on me
I'll spread rumors all over town
