"Thinking Of You"

Visit "[Thinking Of You](#)" on MotoLyrics.com

I am watching you for hours
Thinking nothing it can be said
I have lost all the power
To read the images from my head
Where does my mind go when I am thinking of you
Hold yourself against my body make me feel like I am
alive
It's been so long that I wanted you to want me
From my patience I deserve to be satisfied
Where does my mind go when I am thinking of you
Where does my mind go when I am thinking of you
Where does my mind go when I am thinking of you
Where does my mind go when I am thinking of you
Where does my mind go when I am thinking of you
Where does my mind go when I am thinking of you
