Verse 1

Forgiveness, to us, is an endless granted drug
So we take advantage, doing all the damage, knowing
that we can unplug
But this self-abusing cycle is the founder of our
wretchedness
The way we make each one a mess is the cause of all
our hopelessness

Pre-Chorus

Why do we kill and go our own way?
Why do we lead each other astray?
We require an aid, we ought to forgive
'Cause when we live to hurt, it hurts to live

Chorus

As iron sharpens iron
I'll build you up
As iron sharpens iron
I'll show you love

Verse 2

And now the world's become a destructive human race
We find each insufficiency, shine the spotlight of
disgrace
And we talk behind the backs of the ones that we trust
most
We have the power to lift up, yet instead degrade and
boast

Pre-Chorus

Why do we kill and go our own way?
Why do we lead each other astray?
We require an aid, we ought to forgive
'Cause when we live to hurt, it hurts to live

Chorus

As iron sharpens iron
I'll build you up
As iron sharpens iron
I'll show you love

x2

Piano Solo

Chorus

As iron sharpens iron
I'll build you up
As iron sharpens iron
I'll show you love
As iron sharpens iron
I'll challenge you
As iron sharpens iron
To sharpen you
