#### Verse 1

As I finally start to gain some traction  
Opposition takes action, brings on the distractions  
And, in our interaction, they wait for my reaction  
I refuse to give them any satisfaction

And I find in every single one of my actions  
An equal and opposite reaction  
This spiritual warfare so closely matched  
Pull one wrong move and it will be mismatched  
(One wrong move and it will be mismatched)

#### Chorus

Opposition I expect  
When I'm on this project to connect  
Though they may try to deflect  
They can't stop my domino effect

#### Verse 2

They go for the strong, they go for the weak  
They give no mercy when times are bleak  
They locate the leaders and turn them around  
And make sure it sounds when they fall to the ground  
They go for the lonely, the lost, and the hurt  
And make them give in to the sin, which they flirt  
And as we fight harder, their only reply  
Is to pull us away 'till we give up and die  
(As we fight harder, their only reply is to pull us away  
'till we give up and die)

#### Chorus

Opposition I expect  
When I'm on this project to connect  
Though they may try to deflect  
They can't stop my-  
Opposition I expect  
When I'm on this project to connect  
Though they may try to deflect  
They can't stop my domino effect

#### Bridge

Lord, I can feel them pulling me away  
Please pull me back  
I can feel them crawling on my back  
Put me back on track

Chorus  
Opposition I expect  
When I'm on this project to connect  
Though they may try to deflect  
They can't stop my-  
Opposition I expect  
When I'm on this project to connect  
Though they may try to deflect  
They can't stop my domino effect
