#### Verse 1

All alone in a broken home  
No one seems to understand, your life is unknown  
And it seems like no one cares anymore  
Life seems a worthless chore that makes you drop to  
the floor  
Everyone just judges, no help is provided  
You'd do anything to be carefully guided  
You've fully tried to put these problems aside  
But no answers seem to be exemplified

#### Chorus

I need some help from anyone out there  
I need a helping hand that can stop this nightmare  
Does anyone care?  
I'm hurting and scared  
I've been living a life full of despair

#### Verse 2

The stress is building up, and you're full of regret  
No one is perfect but your goals were not met  
Turning the pages will just add on more debt  
You want to forget the continuous threats  
You're dripping with sweat as you see your silhouette  
You want to reset, you're crying out at sunset  
Will these problems ever come to an end?  
All you really need is one eternal friend

#### Chorus

I need some help from anyone out there  
I need a helping hand that can stop this nightmare  
Does anyone care?  
I'm hurting and scared  
I've been living a life full of despair

#### Chorus 2

Someone can help  
And He's always there  
When things are unfair  
All you need is prayer  
You're never alone

'Cause God never disowns  
He gave his son to die for you  
And love is shown  
God's love is shown
