Verse 1

You said that I can't do it
No matter how hard I try
You said that it was useless
But never really told me why
You claimed that I should give up
You filled my head with lots of lies
But I won't take it anymore
And I won't cry

Chorus

I have discovered something that will never fail me
If I'm in trouble now, He's always there beside me
I can ask for help whenever there's a problem
He'll always provide a helpful solution
No matter how lost, He'll always provide the way
And we'll never be betrayed

Verse 2

You tried your best to break me
Your eyes filled with despise
You told me I was hopeless
All your lies were no surprise
You said there's no solution
But I knew this wasn't wise
'Cause anything is possible
With Jesus in your life

Chorus

I have discovered something that will never fail me
If I'm in trouble now, He's always there beside me
I can ask for help whenever there's a problem
He'll always provide a helpful solution
No matter how lost, He'll always provide the way
And we'll never be betrayed

Bridge

You thought that you could tear me down
But then He turned my life around
X4

Chorus

I have discovered something that will never fail me
If I'm in trouble now, He's always there beside me
I can ask for help whenever there's a problem
He'll always provide a helpful solution
No matter how lost, He'll always provide the way
And we'll never be betrayed
