Verse 1

I could go my own way and make my own decisions
But the self-reliant roam wouldn't carry on too long
No way I, alone, could press on without You
Walking by my side
Helping me out, guiding my steps
There is -

Chorus

No more vacancy in my heart
Only one room and it's Yours forever
No more vacancy in my heart
Only one room and it's Yours forever

Verse 2

With all the love You've given me from the very start
A fire lit that burns for You has stretched within my heart
I can't hold it back and soon everyone will see
My former empty soul now has no more vacancy
There is -

Chorus

No more vacancy in my heart
Only one room and it's Yours forever
No more vacancy in my heart
Only one room and it's Yours forever

Bridge

And on my own I am weak
But You are the one that I seek
No thing to come, no depth or height
Can separate or block my sight

Instrumental

Chorus

No more vacancy in my heart
Only one room and it's Yours forever
No more vacancy in my heart
Only one room and it's Yours forever
