#### Verse 1

Times will come when all feels slow  
Zero progress seems to show  
What the reason, we may not know  
But even trials will help us grow

#### Chorus

Sometimes we're just not ready  
Future steps won't be steady  
We're waiting for Your priming  
All in Your perfect timing

#### Verse 2

Hope that's seen isn't hope at all  
Trust takes patience when we dread a stall  
We will follow, Your plans are set  
Through it all, You don't forget

#### Chorus

Sometimes we're just not ready  
Future steps won't be steady  
We're waiting for Your priming  
All in Your perfect timing

#### Guitar Solo

#### Chorus

Sometimes we're just not ready  
Future steps won't be steady  
We're waiting for Your priming  
All in Your perfect timing
