#### Chorus

You are holy  
Beyond words, beautiful  
And You have saved me  
Gave it all, all for me

And never left me  
Took my sin, showed me love  
And I surrender  
I will walk my life with You

#### Verse 1

You stayed strong to save me  
Took on all the torment so that I could be forgiven  
Didn't back down, but showed me love  
All of which I am not worthy of

#### Verse 2

With Your precious blood, my life is saved  
Washed away the tainted scars of all my wicked ways  
The evil paths that haunt me with guilt and fear  
Are no match for Your great power when I draw you  
near

#### Chorus

You are holy  
Beyond words, beautiful  
And You have saved me  
Gave it all, all for me  
And never left me  
Took my sin, showed me love  
And I surrender  
I will walk my life with You  
I will walk it all for You

#### Chorus

You are holy  
Beyond words, beautiful  
And You have saved me  
Gave it all, all for me  
And never left me

Took my sin, showed me love  
And I surrender  
I will walk my life with You

#### Chorus 2

When I lose control  
You don't lose faith in me  
When I lose all hope  
You're the one I go to and You set me free

And I'm sorry that I've failed You  
When You've been nothing but good to me  
Lord, forgive me, I surrender  
Not once has Your stream of grace ran dry
