#### Verse 1

Constantly, I question my blind aspirations  
The urgency in this supposed desperation  
Ambiguous future, unclear steps ahead  
Untroubled comfort yet to be fed  
But outside my state of doubting distress  
You dont see a mess, but a plan for the best  
And so, in this stress, I know I can rest  
And follow Your way as Im put to the test

#### Chorus

You have plans to make me thrive  
Not to harm, but keep alive  
I will call and You will hear  
I will seek and Youll be near

#### Verse 2

Expectations lead to disappointment  
Human crutches lead to regret  
But You make Your divine appointments  
Your promises You never forget  
Blocking out all distractions  
Indeed, is worth Your interactions  
As I hear You speak, I see  
That You have prosperous plans for me

#### Chorus

You have plans to make me thrive  
Not to harm, but keep alive  
I will call and You will hear  
I will seek and Youll be near

#### Bridge

All that I can do is dream  
Of how I fit in Your grand scheme  
All that I can do is seek  
Until Your plan I hear You speak  
Let me be Your hands and feet  
Keep me free from all deceit  
Never let me leave Your way  
Make my life a meek display

Chorus

You have plans to make me thrive  
Not to harm, but keep alive  
I will call and You will hear  
I will seek and You'll be near
