Verse 1

Empty hands reach out to be rescued
But humanity hides the guide
The friend's forbidden even being mentioned
The possession of lies cover eyes
And as they continue to fight
Outspoken are those who know what is right
They hide in the shadows with fear of false cheers
If they open their mouths, passing faith through ears

Chorus

Doesn't matter who is spreading the truth
Long as the truth is being spread
If no one's spreading the truth
The hungry will remain unfed
The empty hearts will stay misled
As they walk through the valley of the dead
The empty hearts will stay misled
As they walk through the valley of the dead

Verse 2

Lost hope as they suffer along
In search of any possible escape
Dreaming of redemption
Pleading for an answer before it's too late
As they cry out with no reply
They feel no one knows the answer why
Nothing left, left to expect
No wisdom of words fill the air's dialect

Chorus

Doesn't matter who is spreading the truth
Long as the truth is being spread
If no one's spreading the truth
The hungry will remain unfed
The empty hearts will stay misled
As they walk through the valley of the dead
The empty hearts will stay misled
As they walk through the valley of the dead

Guitar Solo

Chorus

Doesn't matter who is spreading the truth
Long as the truth is being spread
If no one's spreading the truth
The hungry will remain unfed
The empty hearts will stay misled
As they walk through the valley of the dead
The empty hearts will stay misled
As they walk through the valley of the dead
