A blackout they peel him off the floor
Frenetic amnesic
He's delirious, he thinks hes been here before
Frenetic amnesic
No recall not one familiar face
Frenetic amnesic
The molded man has been completely erased
Frenetic amnesic

Everybodys after me
You could be the enemy
You seem to happy to reveal yourself
Theres no resentment here

Frenetic amnesic
Completely in the dark, try to pave a way with no
chance and no reason
Not knowing who you are...looking for the truth it aint
there
And you cant believe them

Everybodys after me
You could be the enemy
You seem to happy to reveal yourself
Theres no resentment here
What you see is what you get
Two seconds later I forget
You seem to happy to reveal yourself
Theres no resentment here

No recall not one familiar face
Frenetic amnesic
The molded man has been completely erased
Frenetic amnesic
Frenetic amnesic
