She said she didn't know what to tell you  
But she didn't have to tell you 'cause you already knew  
And I didn't know what to say about it all  
Nobody knew anything about the unbelievable

I know you cry a tear or two sometimes  
I know you cry when you are home alone  
I know you cry your whole heart out sometimes  
I know you cry when you are on your own  
I know you cry, I know you cry, I know you cry  
And sweetie, it's alright

I said I'm so sorry, you know I'll be here  
And that was all I could do to show you I care

I wish I could do better, like turning back time  
But would it really matter if fate has another plan

Chorus

Home is not the same anymore  
Not the way home was before  
Ice in your eyes, a pokerface  
So nobody can reveal your anger and hate  
You know what's missing  
Cause everything has changed  
But I know you and you are still the same  
You are still the same

I said I'm so sorry, you know I'll be here

Chorus x 3
