"Rock N' Roll Ain't Easy"

Oh bring me back to that old rock n' roll
Where they knew how it's supposed to be
Oh take me back time to the old days
Nobody knows nothing 'bout it no more
No!

Now it's time
It's the right time

Rock n' roll aint easy
When no one's keepin' it busy
You gotta rock
You gotta rohohohock
And bring the rock n' roll back
And bring the rock n' roll back
And bring the rock n' roll back

Oh I wanna see how it used to be back then
When it was all about the rock n' roll
Oh we just wanna play rock n' roll
And save ourselves, I know we're not alone
That's all we want

Now it's time

It's the right time

Rock n' roll aint easy
When no one's keepin' it busy
We gotta rock
We gotta rohohohock
And bring the rock n' roll back
And bring the rock n' roll back
And bring the rock n' roll back

Oh we are gonna bring the rock n roll back
And we are gonna make history again
Cause we got raw power and confidence
And nothing against rock will ever stand a chance
The world needs a lot more rock n roll!
No crap like hip-hop, rap, fuckin' trance and soul

It's all about the attitude in rock n roll
You gotta know this shit, you better rock n roll

Chorus

It's all about the attitude in rock n roll
You gotta know this shit, you better rock n roll

Chorus
