Run!

I gotta get out
I gotta get away
But you're holding me back every day
You keep me in pain
Each day it's the same
Tonight I'm gonna run away!

Shout!

You gotta run run tonight
You gotta run run tonight
You gotta run run tonight
Ton aiaiaiai Tonight!

You force me to stay
In this life o' misery
'Cause you think I can feel no torture or pain
My suffering's your gain
This spite is insane
But all the disregard's what's killin' me

The fire inside me is burning desperately

But you keep pouring pouring water over me
They let me burn then reward the murderers
And it makes my stomach turn

Chorus

How can you be glamorous with blood on your hands
How can you sleep at night with lifes on your
Conscience
How do you walk around wearing your ignorance
It's just a big fat fuckin' lie that you wanna make
Progress

You gotta run run tonight
You gotta run run tonight
Ton aiaiaiai

You gotta run x 3

You gotta ruuuuuuuuuun
