[Chorus: scratch]

[Schooly D 'Peace To The Nation':] "If you're ready for this say you're ready for this"

[Intro: Celph - talking]

Yeah, uh, Celph motherfuckin'.

Get it right. My man Rise. What up boy? It's that classic Demigodz shit.

Oh yeah. It's that classic Buckwild shit.

Oh yeah. And it's a No Sleep movement. Takin' over.

So if it ain't about that.

.. (I don't even know) I guess we ain't got nothin' to say man. Let's go.

[Verse 1: Celph Titled]

Celph Titled's not your ordinary street rhymer

I'm like Evil Dee and Mr. Walt, I beat miners

(Beatminerz)

And even old timer's get a broken nose cause I murder rappers with words I wrote down on Posted Notes

We order straps and magazines from the back of magazines

Here's an under statement (What?)

I'm an average MC

Take it how you want it (oh)

I got a target with your face on it

Shoot it up till there ain't no face on it

For a fact, fact four, matter, matter of fact

Put your format on disc and press 'Format'

There's no doormat at

The laboratory I create raps in

You need a special card just to get your ass in

So here, read my brochure

It guarantees you ain't havin' no career and no tour

(For sure)

I'm here to bring rap trouble,

never rocked a four finger ring just some brass knuckles

[Chorus:]

[Queen Latifah:] "You know what? "

Hey, hey  
"You know what? "  
Hey, hey  
[Queen Latifah:] "I don't care what you say"  
You see we don't got nothin' to say so we gon'  
So we gon' make a damn song about nothin' okay?  
[Queen Latifah:] "You know what? "  
Hey, hey  
"You know what? "  
Hey, hey  
"That's right"  
You see we don't got nothin' to say so we gon'  
So we gon' make a damn song about nothin' okay?

[Verse 2: Rise]

Now people recognize the name and say that, "Rise is nice"  
Before they didn't recognize they called me "Rahs" or "Rice"  
I hold it down  
Even if I don't make it stores soon rappin'  
Pullin' things outta nowhere like cartoons  
I gotta, follow my mind and my own advice  
So I can drop overnight like the price of flights  
Or not, horrible struggles, stories work so well  
Losin' weight, broke, punchin' extra holes in your belt  
Look, I don't know what happened  
Your pulse just fell  
Cause I'm the know it all, do nothing, stuck on his self  
The helps in helps and stops when the help ain't felt  
And that's a problem right?  
Like when I drink by myself  
I think by myself and people tend to stay when I play  
I work hard without a job, what day is today?  
Relate if you play what I play or would have did this  
your way  
The stock in me Rise, I'm good, I don't care what I say

[Chorus:]

[Queen Latifah:] "You know what? "  
Hey, hey  
"You know what? "  
Hey, hey  
[Queen Latifah:] "I don't care what you say"  
You see we don't got nothin' to say so we gon'  
So we gon' make a damn song about nothin' okay?  
[Queen Latifah:] "You know what? "  
Hey, hey  
"You know what? "  
Hey, hey  
"That's right"

You see we don't got nothin' to say so we gon'  
So we gon' make a damn song about nothin' okay?

[Verse 3: Celph Titled]

Hey hey  
And I'm a shout at ya  
Fuck with your safety like Hulk Hogan's son's  
passengers  
I give mouth's fractures  
Now the cops is out after a wild south rapper wildin' out  
at a  
Country club with a bat clobbering golf carts  
While you servin' burgers at the McDonalds in Wal-Mart  
Ten G's to ball park (Whoa)  
Figure that I get for one show  
Ten minutes and then dip  
I magnificent, like the Biz Markie  
My Cadillac, push button start, I don't need car keys  
You will bleed, these are sharks teeth  
Make a mark deep, in your arteries (pardon me)  
Kill you with harsh speech  
Piss on a slut, so rude, make my cock leak  
So she be havin' pee (Hav & P) like those two dudes  
from Mobb Deep  
+Scenerio+ with Dinco D that's my ring tone beep  
My chrome heat with free space like a Bingo sheet

[Chorus:]

[Queen Latifah:] "You know what? "  
Hey, hey  
"You know what? "  
Hey, hey  
[Queen Latifah:] "I don't care what you say"  
You see we don't got nothin' to say so we gon'  
So we gon' make a damn song about nothin' okay?  
[Queen Latifah:] "You know what? "  
Hey, hey  
"You know what? "  
Hey, hey  
"That's right"  
You see we don't got nothin' to say so we gon'  
So we gon' make a damn song about nothin' okay?
