We've lived a long, long time and all the radios are
playing our song tonight
We walked a crooked line 'cause these is a counter life
in your jailed eyes
You're never a victim of your generation and you shine
on me like a holy
light
All of the miracles and conversations rain on me
tonight

We've got a one track mind, true as a railroad, always
on time
I see it all in your eyes, you don't have to talk to me, I
know what you're
thinking
I need my solitude as much as you do, darling, to live
this life we came here
for
Never for one single solitary moment did I need you
more

We live a lucky life
I see it all tonight
We sit and close our eyes
Traveling to paradise or to anywhere we like
We live a lucky life

My home is on the road, the pavement caters to, to my
gypsy soul
We walk the tightest rope, we live in a circus, circus of
hope
All of the melodies and inspirations shine on me like a
holy light
Right in the middle of our conversation you wink at me,
saying it's alright

We live a lucky life
I see it all tonight
We sit and close our eyes
Traveling to paradise or to anywhere we like
We live a lucky life
