Al alone, la la la la la la, I need you  
I'm lonely, I'm lonely, damn

I'm lonely, baby, want you, beside me  
In my means going crazy  
I need you baby  
And... sipping with me  
I'm wishing your hands was on me  
And touching me and grooving me

Loneliness is my friend  
Where is my man  
Loneliness won't let me go  
Loneliness is a part of me

Cause all I know is... every night  
I'm reminiscing, only kissing  
You touch me, you're on me  
Penetrating, you're inside me  
So sweet, groovy

Your loving's got me weak  
No other man can do it  
Whoa,... that's for me

Loneliness is my friend  
Where is my man  
Loneliness won't let me go  
Loneliness is a part of me  
Cause all I know is... every night

Running pon me, show love  
Give me loving can't be crossed  
Attract me from baka me things and me laugh  
All the lover's a sweet... form di dresser to di door  
Sometimes we sweet, come and give it hardcore  
We please and me tease and me beg on for more, and  
some more  
Till me pass off, on the floor  
Then revive me and give me some more

Loneliness is my friend  
Where is my man  
Loneliness won't let me go  
Loneliness is a part of me  
Cause all I know is... every night x 2
