A cold cup of coffee  
And a sad song  
I turn up the radio  
And I sing along

I know you once you loved me  
In your own way  
But when the sun finds your window  
I'll be miles away

And I'm one step ahead of the heartache  
One foot out the door  
And it's too late for your words to stop me  
From crossing the floor  
And like the moon fades with the dawn  
I'm goin', goin', gone

Well leaving might just kill me  
But I can't stay  
And just watch the fire die  
A little more every day

Now I'm one step ahead of the heartache  
One foot out the door  
And it's too late for your words to stop me  
From crossing the floor  
And like the moon fades with the dawn  
I'm goin', goin' gone

Yeah, I'm step ahead of the heartache  
One foot out the door  
And it's too late to for your words to stop me  
From crossing the floor  
And like the moon fades with the dawn  
I'm goin', goin', gone

Hey this is me moving on  
I'm goin', goin', gone
