So we're standing in the valley hand in hand  
In a world of stone dreams turned to sand, uh-huh  
Every move we make the sky turns black  
But the voice inside says never turn back  
Oh no, you can never turn back  
Can you see those mountains  
Tose mighty mountains  
And we know what we must do

Cos love is stronger than a hammer to a rock  
Harder than a runaway train to stop  
It's water to the soul to the very last drop  
We're moving mountains  
You and I we can touch the sky  
We can walk in the rain and still be dry  
Wayo, we're moving mountains

So we're walking on water 'cross the 7 seas  
Where the river of love  
Will never freeze for us, oh no  
And every step we take is a mystery  
But the voice insude says  
(Hey)put your trust in me  
Put your trust in me  
Can you see those mountains  
Those mighty mountains  
And we know what we must do

Cos love is stronger than a hammer to a rock  
Harder than a runaway train to stop  
It's water to the soul to the very last drop  
We're moving mountains  
You and I we can touch the sky  
We can walk in the rain and still be dry  
Wayo, we're moving mountains

Ooh furture love will bind us  
Ooh, we'll she'd no tear for the lover in fear  
No tears  
Can you see those mountains  
Those mighty mountains

And we know what we must do

Cos love is stronger than a hammer to a rock  
Harder than a runaway train to stop  
It's water to the soul to the very last drop  
We're moving mountains  
You and I we can touch the sky  
We can walk in the rain and still be dry  
Wayo, we're moving mountains
