You don't need to talk French  
To make me giddy  
You don't need to fly me off to some foreign city  
You don't need pretty words just to turn my head  
And you don't need to be a casanova in bed  
If you're gonna love me  
Why don't you just do it  
Come on baby,  
Put your heart into it

You don't need to pop out of a birthday cake  
You don't need to bring me roses on roller-skates  
Write my name in big letters across the sky  
No you don't need to run for president to catch my eye  
If you're going to love me  
Why don't you just do it  
Come on baby,  
Put your heart into it

Well you can lead a horse to water  
But you can't make 'em drink  
Send a boy to college  
But you can't make him think  
We'll I've been feeling kind of lonely  
Like a ship out on the ocean  
I need to see a little old-fashioned emotion

Well you got my attention, baby  
What's on your mind  
You can leave all that fancy footwork behind  
Well I can see you're cute and I know you're witty  
But let's get down to the real nitty gritty  
If you're going to love me  
Why don't you just do it  
Come on baby,  
Put your heart into it

Yeah, if you're gonna love me  
Why don't you just do it  
Come on baby  
Put your heart into it
