Chorus:

I am, oh, I am, Oh, yeah x5

Verse 1:

i am like a peaceful child  
sleeping in their hands, there is a  
teacher, it's about time we listen  
you left before your time and  
i'll get what i have set myself  
apart from us beyond the hills  
death lies beyond the hills death  
lies beyond the sky,

Chorus

Verse 2:

faded souls who've turned to ice, so ashen  
white in paradise. angelic arms  
sreading 'round, protecting us  
without a sound, watery eyes and bow  
down my spine. day after day,  
line after line.

Chorus

Verse 3:

we pass notes instead of have a suspicious hunch  
we're having a rotten lunch the  
"beef" is purring on my b-day he  
gave her my soul, and made her  
walk to school i see our time has  
gotten stale the tick tockof the  
clock for me! it all flashes  
before me. i then played the game  
because now you hold nothing that is  
duller. doom begins to writhe in  
pain, as he went near.
